

2019 RED MOUNTAIN SEMILLON

Semillon is our favorite summer-time release. This grape is known for producing ripe tropical and honeyed fruit tones, which pair well with the warmer weather, and is also bright and juicy. “We picked this fruit early, which gave us a little lower alcohol content and higher acidity this year,” Charlie says. “The great thing about Semillon is that it is one of the most ageable wines that there is, and no one knows it.” So, if you can hang on to any past the summer months, try aging it for further enjoyment in years to come.

BLEND

100% Semillon

VINEYARD

58% Artz Vineyard
42% Klipsun Vineyard

AGING

Neutral Oak for 9 months

ALCOHOL

13%

PRODUCTION

257 cases
