

2018 HEART OF THE HILL CABERNET SAUVIGNON

Heart of the Hill Vineyard has quickly become a storied vineyard with Washington winemakers, creating wines that are so outstanding, they beg to be bottled as vineyard designated, single varietal products. This is all Clone 2 Cabernet Sauvignon and showed great potential from fermentation – done in wood for richness and complexity – then racking, and all the way through blending. “The aromas are standout characteristics of Heart of the Hill Vineyard. Lots of big cherry, blackberry, and dried herbs,” Charlie notes. The tannic structure is on par with what we see from other single vineyard Cabernets, with power and concentration, but also showing a bit more finesse and elegance. Drink now through 2030.

BLEND

100% Cabernet Sauvignon

VINEYARD

Heart of the Hill Vineyard

AGING

80% New French Oak

WOOD FERMENTATION

100% 40HL Boutes Tank

ALCOHOL

15%
