

# 2018 RED MOUNTAIN 4040 RED WINE

The Red Mountain AVA is comprised of just 4,040 acres, but an incredible amount of diversity in both vineyard sites and varietals. In his 4040 Red Wine, Charlie aims to capture that range by sourcing from vineyard blocks in all corners of this tiny growing region, selecting his favorite varietals from each site. This Cabernet-dominant blend is designed to showcase Red Mountain and Fidéltas in an approachable, daily sipper style. It is full bodied with awesome tannic structure yet a smooth and lasting finish. Bright red and black fruits on the palate, with a hint of leather and even a little spice that lingers.
