

# 2016 RED MOUNTAIN CABERNET SAUVIGNON

Red Mountain Cabernet Sauvignon is, by design, a true expression of Cabernet Sauvignon from the region we call home. Utilizing mostly Clone 8 Cabernet Sauvignon, the Washington clone, this wine showcases the classic characteristics we know and love from Red Mountain: dark and dense, full bodied, with red fruit and earth tones. We love it because it is surely going to age beautifully in the cellar but can easily be enjoyed tonight with friends. Drink now through 2030.

## **BLEND**

100% Cabernet Sauvignon
