

# 2018 RED MOUNTAIN SEMILLON

Semillon, a prominent white grape in Bordeaux, is harder to find outside of France, and quite unique in Washington state (about 95 total acres planted). We source Semillon for Fidelitas from Klipsun Vineyard on Red Mountain, which is known for its cool nights and warm days which help to maintain a balance of fruit and acidity in the wine. The 2018 vintage was partially aged in a new French oak egg to impart a subtle roundness on the finished product. We love this wine for summer sipping and pairing with local seafood.

#### **BLEND**

100% Semillon

#### **VINEYARD**

100% Klipsun Vineyard

#### **AGING**

13% New French Oak (225L Egg)

#### **ALCOHOL**

14.3%
