

GROWING A STRONGER FUTURE FOR WASHINGTON VINEYARDS.

Sustainable WA is the only sustainability program specifically tailored to Washington's unique terroir. This rigorous, science-based program ensures responsible practices that protect the environment, support vineyard workers, and strengthen the long-term success of the wine industry.

A thriving wine sector depends on both environmental responsibility and economic success. Sustainable WA upholds fair wages, safe working conditions, and sustainable growing methods to make sure vineyards, wineries, and their workers are supported now and always. To carry the Sustainable WA logo, wines must be made with at least 75% certified sustainable grapes—ensuring a genuine commitment to sustainability from vineyard to bottle.

TAKING CARE OF THIS PLACE IS **IN OUR NATURE.**

COMMITTED TO THE LAND, COMMITTED TO THE WINE.

Today's wine lovers seek wines that align with their values – wines crafted with care for the land and the people behind them. By supporting wineries that uphold sustainable practices, you're helping preserve Washington's wine country for generations to come.

Choosing wines with the Sustainable WA logo means supporting vineyards that prioritize environmental stewardship, fair wages, and responsible farming. It's a simple way to enjoy the wines you love while making a difference.

SETTING THE STANDARD FOR SUSTAINABILITY

- **Commitment to Environmental Responsibility**
Certified vineyards follow rigorous sustainability standards that preserve land and natural resources.
- **Economic Viability**
Ensures long-term profitability by promoting smart, efficient farming practices.
- **Washington-Specific Vineyard Certification**
The only program tailored to Washington's unique terroir and growing conditions.
- **Science-Backed & Measurable**
Uses innovative, data-driven benchmarks to track and improve sustainability.
- **Third-Party Verified**
Certification meets the highest industry standards for credibility and transparency.
- **Safe & Equitable Workplaces**
Promotes fair wages and safe conditions for vineyard and winery workers.

THE PASSION
THAT PLANTED
THESE VINES NOW
PROTECTS THEM.
